SUMMARY

As a Civil Engineer, ensuring structural integrity and compliance with industry standards. During my time as a Trainee Civil Engineer in the Project Management Department (PMT). Additionally, I worked as a Salesman, further developing my customer service and communication skills. I am now seeking a full-time position as to apply my expertise in the field and contribute to impactful projects.

EXPERIENCE

Modern Design Consulting Engineering Office | Saudi Arabia

Civil Engineer | July 2023 - Present.

- Analyze code compliance, provide structural approval, and review and approve drawings.
- Supervise site activities and issue weekly and monthly progress reports to track project milestones.
- Coordinate and stratify drawings to ensure alignment with project requirements and specifications.
- Handle Balady system and SCECO requests to ensure timely approvals and project execution.

Saudi Aramco Company | Tanajib, Saudi Arabia
